Hiking, rockhounding, metal detecting, fishing - spin, bait, fly, ice, gold panning, foraging, clamming, lobstering, downhill skiing, x-country skiing, snowshoeing, camping, canoeing, kayaking, boating - power & sail, hunting, shed hunting, cycling, mountain biking, birding, trapping, ice skating, golf, disc golf, surfing, geocaching, tide-pooling, antique bottle hunting, tennis, badminton, pickleball, winter mountaineering, snowboarding, skateboarding, scuba diving, and, of course, snorkeling - absolutely epic!

When you enter the door at *Together*, you're entering an environment of positivity, inclusivity & optimism. It's the same peaceful feeling you get when entering your grandparent's home, that you are accepted, embraced & belong. ## **ATTN Teachers, Parents & Mentors**

Passionate pediatricians and behavioral health professionals, including our very own Dr. Lori Towle, an expert in nature-based learning, will be educating parents, teachers & staff on the pitfalls of social media, the benefits of nature, and how to engage children in the outdoors.
